About FACALTO: -

FACALTO is a leading Indian real estate, facility and Projects Manager which is having corporate headquarters in Calicut, Kerala, India and potential Client services in other Indian States, Singapore, Malasia, MENA Region & Other Western Countries.

We run and manage real estate in all asset classes, offering development and fit-out services, run and maintain technical facilities, support our potential clients in production and take on many secondary processes.

Our services range from integrated facility management, building technology and interior fit-outs through to real estate with all commercial services, letting, leasing and marketing of real estate.

Our management team consists of experienced professionals with expertise in the fields of Integrated Turnkey Fit outs, Facilities Management, Real Estate Management, Building Technology -IoT and Innovation, Sustainable Engineering, 2D & 3D design, BIM Modelling services, BOQ, tender submission, supervision, and commissioning. The team is led by our CEO, who has an extensive experience in the Similar Services industry.

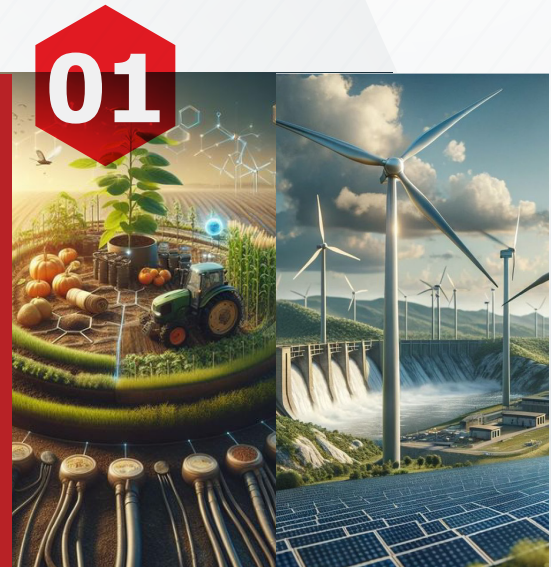

We have a high level of technical expertise and in-house activity and provide high-quality services for many sectors and industries – focused on efficiency and the long term and driven by the high-quality standards of Engineering & Technology.

Our business model is based on a fee-for-service model. We will charge our clients a fee based on the services they request. We will also offer discounts for high end projects and long-term contracts.
